4. As between the different grades of landlords, the landlords' share be apportioned thus:—

The Government of India, however, amended the Act by adding section 41, whereby the appointment of the Pro-Vice-Chancellor was not obligatory. The Court at its meeting held on 16th January, 1944, decided by overwhelming majority that the office of the Pro-Vice-Chancellor be abolished. The Court also decided to introduce the Faculty System in the University for distributing the academic work now assigned to the Pro-Vice-Chancellor. The Court further desired that the Muslim University Act of 1920 be amended accordingly. Hence this Bill.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1944.

[NOTE.—**On an average of the five years ending 1941-42, the area under Jute in the Province of Bengal and the States of Cooch Behar and Tripura to which this forecast relates, represent some 79·7 and 1·5 per cent. respectively of the total area under jute in India.**]

The preliminary forecast deals with the area and the condition of the crop at the time of publication of this forecast. It is not a forecast of the outturn. With the coming into force of the Bengal Jute Regulation Act, 1940, the area shown represents the licensed acreage which will require modifications in the ensuing final forecast in September next when the examination of jute lands under section 14 of the Act is completed.

Area in 1944.—In Bengal excluding the States of Cooch Behar and Tripura licences have been issued for 2,563,270 acres as against 2,146,255 acres actually sown last year. It is reported that a very considerable portion of the aforesaid licensed areas has been put under *aus* paddy instead of jute. The areas reported by the States of Cooch Behar and Tripura are 19,500 and 10,000 acres respectively as against 23,720 and 12,000 acres of last year.

Character of the season.—Sowings generally commenced in normal time though at places in the East and West Bengal they received a setback due to drought. The growth of the young plants was retarded to some extent due to prolonged drought. With the onset of the monsoon showers the plants have been making satisfactory progress.

Present state of the crop.—The condition of the crop is generally promising.

Stock.—The stock in the hands of cultivators is not much.

DEPARTMENT OF AGRICULTURE, BIHAR.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR, 1944.

[NOTE.—**On an average of the five years ending 1941-42, the area under Jute in Bihar to which this forecast relates has represented some 9·1 per cent. of the total area under Jute in India.**]

The present forecast deals only with the estimated area sown. It gives also a general survey of prospects but makes no reference to the probable outturn either in percentage figures or in bales.

Acreage.—I estimate the area sown during the current and four preceding years, in round numbers, as follows:—

Year.			Acres.
1940	...	...	282,200
1941	...	...	242,500
1942	...	...	232,900
1943	...	...	202,300
1944	...	...	163,400

Weather conditions.—In March rainfall was sufficient and above the normal in all the jute growing districts. In April also above the normal rain fell everywhere except in the principal jute district of Purnea where the fall was below the normal.

District returns.—Last year's area under jute was finally estimated at 202,300 acres. The total area under jute this year is estimated by the District Officers in figures at 163,400 acres. The decrease in area is due mainly to greater areas having been put under food crops in Purnea.

Condition and prospects.—The present condition of the crop particularly in the main jute growing district of Purnea is fair but it requires sufficient rainfall for its improvement.

General.—The quantity of jute, which remains in the province from the crops of 1943, is reported to be much due to transport difficulties in the main jute growing district of Purnea.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

APPENDIX I.

Preliminary forecast of the jute crop of Bihar, 1944.

Division.	District.	Total area of the district.	Estimated total area under cultivation.	Estimated normal area under jute on the basis of last 10 years' average.	Estimated area under jute. Last year (1943) final figures.	Estimated area under jute. This year (1944).	Whether much, little or no jute remains in the district from the crop of 1943. Tirhut ..	Champaran ..	2,263,194	1,430,200	2,471	2,600	2,600	....	First week of April. Normal.	Rainfall was favourable.
	Muzaffarpur ..	1,934,304	1,627,000	3,866	3,800	3,900	Little ..	May. Normal ..	The increase in area under the crop is slight and needs no explanation.
	Darbhanga ..	2,143,046	1,677,900	613	949	775	Much of the crop remains in Madhubani subdivision and Nil in Sadar and Samastipur.	March to May. Normal.	There are good prospects of the crop this year. In Samastipur subdivision the crop has been slightly affected by scarcity of rain. There has been drastic decrease in production of this crop in Madhubani subdivision owing to the fact that the market for this crop was not as good last year as was expected by producers.
Bhagalpur ..	Bhagalpur ..	2,672,398	1,684,100	6,421	5,335	5,500	No jute remains ..	Last week of May. Normal.	The prospect of the crop is generally good.
	Purnea ..	3,145,015	1,694,400	258,706	189,000	150,000	Much ..	Third week of March. Normal.	The condition of jute crop is fair but it requires sufficient rainfall for its improvement. There has been appreciable decrease in the area under jute as the tenants have taken to growing food crops, yielding high prices at this time. The decrease is further due to propaganda under the Grow More Food Campaign.
	Santal Parganas ..	3,508,644	1,717,900	541	625	625	Little jute remains	Middle of May. A bit early.	Weather favourable. General survey of the prospects of crop good.

DEPARTMENT OF AGRICULTURE, ASSAM.

PRELIMINARY FORECAST OF THE JUTE CROP OF ASSAM, 1944.

[NOTE.—**On the average of the five years ending 1941-42 the area under jute in Assam to which this forecast relates has represented some 8·8 per cent. of the total area under jute in British India.**]

Season.—The weather has been generally favourable for the cultivation and growth of the crop except in Goalpara and Darrang in which districts heavy and continued rainfall caused considerable damage in places. Also the recent local flood in Surma Valley has caused some damage to the crop specially in low lying areas. Report of some damage done by insects has been received from Darrang district only. However, the present condition of the crop is fair.

Area sown.—The total area under jute as estimated by the Deputy Commissioners is 152,000 acres against 204,500 of last year (actual). The decrease in area is due to (*i*) cultivation of more food crops and (*ii*) low price of jute.

Stock.—According to the reports of Deputy Commissioners little jute remains in stock from the last year's crop in the districts of Sylhet, Goalpara, Kamrup, Darrang and Nowgong.

No. F.B. 55, dated Calcutta, the 21st January 1944.

Memo. by—The Commissioner of Police, Calcutta.
Forwarded.

No. F.B. 31, dated Calcutta, the 6th January 1944.

From—F. A. Tucker, Esq., M.B.E., M.I.FireE., Chief Officer, Fire Brigade, Calcutta,

To—The Secretary to the Government of Bengal, Department of Public Health and Local Self-Government (Municipal), Calcutta.

(Through R. E. A. Ray, Esq., C.I.E., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade during the year ending 31st March 1943.

The year under review has been an exacting one and the Brigade was faced with many unprecedented situations.

The actual number of calls for fires or supposed fires exceeded that of the previous year by 114. The increase is principally due to the wave of incendiarism which spread over the city during the period of unrest from August to December 1942.

In this case the rioters damaged most of the Fire Alarms in the city by pulling the receivers out, breaking the chords, stealing generators, etc.

There were a large number of wilful false alarms from Fire Alarms and on each occasion the Brigade turned up, they were molested and stoned.

In some cases the officers were not allowed to replace broken glasses in Fire Alarms because rioters would not allow them to get near the Fire Alarm itself.

There was one case where an A.F.S. Fireman while proceeding along Chittaranjan Avenue, was made to strip off his uniform as he was in khaki, and his uniform was burnt. In another case a driver was molested and his Brigade belt taken away and destroyed. One man was injured by brick-bats and sent to the Police Hospital. Other officers received minor injuries from brick-bats when they stood at the Fire Alarm pillar posts, or were proceeding to and from calls.

Thanks are due to the Bengal Telephone Corporation for their prompt action in restoring the damaged Fire Alarms in the strained circumstances. Their men also had to face the molestation, and the Brigade had to assist them by way of protection.

Another feature was that from the very beginning of the year the city was disturbed by air raid signals due to enemy approaching. The Calcutta Fire Brigade received as many as 22 air raid signals which necessitated the stoppage or reduction of all leave of the Brigade personnel for the purpose of availing the entire resources at a moment's notice. Due to this restriction the men were put to inconvenience, but the men responded loyally to the strain.

On the night of 19th/20th July 1942 a severe fire occurred at No. 63, Radha Bazar Street in which five lives were lost and nine persons injured. One died at the fire, one died on way to hospital and three died in hospital. The injuries were received mainly through these men jumping from first floor of the adjoining building and verandah through panic when the fire first occurred and before the arrival of the Brigade.

The cause of the fire was a large quantity of scrap cinematograph film cuttings which were being stored in a place on the ground floor of the three-storeyed building, which had also a garage for motor cars, two office jans and other materials on the ground floor.

Station Officer A. J. Lashmar was in charge of the appliances to deal with the fire. Disregarding the flame, smoke and falling debris, one driver, two khallasies of the Auxiliary Fire Service and 1 tindal of the Calcutta Fire Brigade rushed to assist their Station Officer in rescuing the men although they were aware of possible dangers of more film igniting and of the petrol tank of car in the building bursting and throwing burning petrol over them.

Their conduct in thus exposing themselves to great danger and saving two lives was an act of gallantry.

Station Officer Lashmar was awarded the Indian Police Medal by His Excellency the Viceroy and the Commissioner of Police was pleased to sanction a reward of Rs. 50 to the driver and Rs. 30 each to the other three men.

Another disastrous fire occurred at Halsibagan Road on Sunday, the 8th November 1942. The Fire Brigade received a telephone message at 3-50 p.m. and Central Avenue, Nimtolla and Rajabazar Fire Stations were turned out immediately. On receipt of a further message Headquarters with one engine and full complement of crew was turned out at 3-55 p.m. There was no delay on the part of the Fire Brigade in attending the fire and on arrival at the scene of the fire it was found that a pandal erected for the Kali Pujah ceremony was practically burnt out. I regret to say that a large number of lives, mostly women and children, were lost through panic caused by the fire in the pandal.

In this connection Second Officer Fraser, Station Officers P. Holden and C. M. Gogerly, Imported Sub-Officers Shaw, Preston, Greenfield, Carlson and three other men of the Brigade were commended for their excellent services rendered in rescuing many men, women and children who had any sign of life and sending them to hospital. Many of them had to be extricated from a large pile of dead bodies. Valuable assistance was also rendered by the A.R.P. contingent who arrived on the scene shortly after the Calcutta Fire Brigade.

Financial statement.—The statement of receipts and expenditure and payments made by the municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act, I of 1893, is given in Appendix I.

The cost of maintenance of the Fire Brigade is contributed by (*a*) the Calcutta Municipality, (*b*) the Howrah Municipality and (*c*) the Garden Reach Municipality at the rate of 83·5 per cent., 14 per cent. and 2·5 per cent., respectively.

Fees for licensed warehouses are charged under section 10 of the Licensed Warehouse and Fire Brigade Act, I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 1,500 per warehouse per annum, and the income thus derived provides the 50 per cent. of the cost of the upkeep of the Fire Brigade under the Act.

Fires, etc.—The total number of calls to fires or supposed fires was 606, being an increase of 114 with the previous year. The actual number of fires attended was 429 which shows an increase of 50 as compared with previous year and the number of fires classed as serious (*i.e.*, over Rs. 20,000 damage per fire and over, see Appendix III) was 24, being an increase of 5 as compared with the previous year.

The actual number of calls received during the year was 741 as compared with 655 during the previous year. These figures include instances where more than one call was received for the same fire, and are given for the purpose of classifying and comparing the means by which calls for fires, etc., are given.

These calls were transmitted to the Fire Brigade as follows:—

Means by which fires were extinguished.—In 158 cases, fires were extinguished by one fire engine; in 38 cases by two fire engines; in 9 cases by three fire engines; in 1 case by three fire engines, sprinklers and fire float; in 93 cases by buckets; in 5 cases by hydrants; in 22 cases by fire extinguishers; in 16 cases by removing electric fuses; in 27 cases by sand; in 31 cases by stirrup pumps; in 1 case by fire float barge; in 1 case by salt; in 1 case by shutting off gas; in 1 case by closing valve; in 1 case by removing carbon; in 6 cases by four fire engines; in 2 cases by mud; in 3 cases by six fire engines; in 1 case by two fire engines and sprinklers; in 3 cases by four fire engines and sprinklers; in 1 case by five fire engines and sprinklers; in 3 cases by five fire engines; in 2 cases by seven fire engines; in 1 case by eight fire engines; in 1 case by twelve fire engines.

Fires in licensed premises.—Thirty fires occurred in premises licensed under the Licensed Warehouse and Fire Brigade Act, I of 1893, as compared with 22 fires in the previous year.

Fire loss.—The total damage caused by fire and water during the year has been estimated at Rs. 16,00,775 as compared with Rs. 14,41,853 during the previous year.

The loss per fire is classified as follows:—

266 fires under Rs. 100	...	...	(255)

Appliances.—I am pleased to report that two new motor fire engines, 600 gallons per minute capacity, were presented to the Calcutta Fire Brigade by the American citizens in Calcutta, which have become a great asset to the Fire Brigade and for which I must thank Mr. R. D. Thompson, President of the American Club of Calcutta, who took keen interest in the matter.

The Fire Brigade thus added two engines in the principal appliances now in commission by the Calcutta Fire Brigade besides the A. F. S. appliances, which are as follows:—

Two motor pumps, 600 gallons per minute capacity, fitted with first-aid cylinder and reels, scaling ladders, etc. (motor pumps Nos. 21-22).

Five motor pumps, 500-700 gallons per minute capacity, fitted with telescopic fire-escapes (55 feet), etc. (motor pumps Nos. 1, 15, 18, 19 and 20).

Two motor pumps, 450-550 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, scaling ladders, etc. (motor pumps Nos. 9 and 10).

Three motor pumps, 450 gallons per minute capacity, fitted with first-aid cylinder and trussed telescopic ladders (motor pumps Nos. 11, 14 and 8).

Three motor pumps, 300 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (specially designed for use in narrow streets and congested areas) (motor pumps Nos. 3, 12 and 16).

Four motor pumps, 350-450 gallons per minute capacity, with new world-body and fitted with first-aid cylinders and telescopic fire-escapes, etc. (motor pumps Nos. 2, 5, 6 and 7).

Two "G" types low-load line motor pumps, 250-300 gallons per minute capacity, fittted with 35 gallons first-aid cylinders and 30 feet trussed telescopic ladders (motor pumps Nos. 4 and 17).

One motor trailer pump, 250 gallons per minute capacity (specially designed for use in positions that cannot be reached by the ordinary type of motor fire engines).

One 80-100 gallon per minute portable pump.

One mechanically-operated 85 feet motor turn-table ladder, 4 lorries, 1 motor car, 24 hook ladders, 56 scaling ladders, 13 telescopic

ladders, 17 smoke helmets and breathing apparatus, 85,650 feet of 2¾ inches canvas hose, etc.

One emergency tender fitted with six half-hour breathnig apparatus, flood-lights and spares of all descriptions including 15 lengths of canvas hose.

There are now 33 auxiliary fire stations in addition to C.F.B. permanent fire stations, and the appliances have been distributed to different stations according to requirements.

It is estimated that motor fire engines, lorries, etc., travelled 19,737 miles during the year to and from calls as compared with 30,273 miles in the previous year.

The following statement gives the number of times each motor fire engine has been turned out in response to calls:—

The total number of pumping hours at fires during the year was 155 hours 34 minutes as compared with 942 hours 11 minutes in the previous year.

The reduction in number of pumping hours of Calcutta Fire Brigade appliances is due to trailer pumps being used to "stand-by" at fires in place of Calcutta Fire Brigade appliances.

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls together with monthly statements.

Staff.—The existing designations of the following ranks were changed to as noted against each of them under Government Order No. 5068, dated 29th December 1942:—

Fireman to Sub-Officer.

Head Tindal to Senior Leading Fireman.

Tindals to Leading Fireman, Classes I and II.

Khallasies to Firemen.

The strength of the Brigade during the year was 284 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 Sub-Officers, 1 Warehouse Inspector, 5 clerks, 1 store-keeper, 3 telephone clerks, 2 carpenters, 2 lathe mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 10 Indian drivers, 1 senior leading fireman, 9 leading firemen, Class I, 21 leading firemen, Class II, 188 firemen and 15 menial employees.

I am pleased to say that the general conduct and discipline of the officers and men have been very good, and I record my appreciation of the assistance accorded to me by my senior officers and office staff.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost at fires during the year under review is 133, being an increase of 130 as compared with the previous year.

I regret to report the death of a temporary C.F.B. fireman due to an accident which occurred at the Central Avenue Fire Station on 19th February 1943 while he was performing his station duties. Due compensation under Workmen's Compensation Act was paid to his legal heir.

In all other cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulance.

Water-supply.—In Calcutta, water for fire extinguishing is obtained from the unfiltered water-supply system maintained by the Corporation of Calcutta with pumping stations located on the banks of the river Hooghly at Mullick Ghat and Watgunge.

Fires in Cossipur-Chitpur and adjoining areas are extinguished with water supplied from static tanks, many of which are replenished only during the monsoons.

In Howrah, the conditions cannot be said as satisfactory, although there are some hydrants on the filtered water-supply for being used at fires. The authorities may consider about the installation of more hydrants.

Besides the above, a number of underground reservoirs of different capacity have been constructed in Calcutta and Howrah for use in the event of a failure of water-supply from pumping stations due to enemy action, which will be of great help to the Fire Service.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review, it has responded to 6 calls as compared with 7 calls in the previous year.

In addition to the above, 14 pumping sets with a capacity of 500 gallons per minute were installed on to 7 barges to cope with the fire near the river or canal.

Street fire alarms, telephones and electrical communications.—The telephone system of the Calcutta Fire Brigade has been extensively altered to suit the purpose of protection from air raid (see telephone system of the Auxiliary Fire Service).

I am pleased to record my appreciation of the excellent service rendered by the Bengal Telephone Corporation.

Inspection Department.—The majority of theatres, cinemas and other places of public amusement, with few exceptions, have no serious fire risks and there were no serious fires during the year under review.

In connection with the Licensed Warehouse and Fire Brigade Act, I of 1893, 6,680 inspections of warehouses have been made during the year. Four hundred and forty-six applications and complaints have been attended to and disposed of. One hundred and seventeen prosecutions were made under section 14 of Act I of 1893 which resulted in 102 persons being fined, the fines aggregating in all Rs. 1,546. Two cases were warned and discharged and ten cases were withdrawn and three cases were acquitted.

General.—The Calcutta Fire Brigade protects the city of Calcutta and the municipalities of Howrah and Garden Reach and may attend fires outside the boundaries of the above, but not exceeding a radius of 12 miles from Fire Brigade Headquarters, provided appliances can be spared and on payment of a prescribed fee. The total area protected is approximately 112 square miles; only during the emergency period of war the radius has been raised to 20 miles from Fire Brigade Headquarters.

Auxiliary Fire Service.—

Jurisdiction.—During the year, the municipal areas of South Suburban, Tollygunge and Bally have been added to the jurisdiction of the Calcutta Fire Brigade for the period of emergency.

Staff.—During the year 3 Fire Officers and 18 Sub-Officers imported from United Kingdom were allotted to the Auxiliary Fire Service in order to assist the Brigade. The Fire Officers styled as Assistant Fire Force Commanders were put in charge of the three Main Divisions into which Calcutta and Howrah were divided, *i.e.*, Calcutta North, Calcutta South and Howrah for the purpose of administration. The imported Sub-Officers who are called Company Officers were put in charge of important trailer pump stations and depots. The total strength during the year was 2,003, viz:—

Imported Officers 23; Sub-Officers 120; drivers 369; leading firemen 135; firemen 1,215; workshop staff 13; telephone staff 42; messenger service 18, office staff 20 and menial staff 48.

Station.—During the year 18 new trailer pump depots were opened as an A.R.P. measure making up a total of 33 depots at the end of the year.

Expenditure.—The total expenditure incurred for the working of the Auxiliary Fire Service during the year amounted to Rs. 18,08,098-4-7.

Training School.—To provide facilities for the instruction of the Auxiliary Fire Service recruits a Training School was opened at Dum Dum in May 1942. The number of trainees passed out of the school during the year was 615.

Water-supply.—In the event of a breakdown in the normal supply of unfiltered water for fire-fighting purposes through any air raid, the following provision has been made:—

(*a*) Underground reservoirs of capacities varying from 5,000 to 50,000 gallons have been completed in Calcutta and Howrah.

(*b*) Accesses to tanks in different places have been arranged.

(*c*) The construction of platforms in different places of the Circular Canal and Tolly's Nullah have been completed.

(*d*) Water transport lorries carrying canvas water dams of 1,000 gallons capacity each.

Fire float barges.—In addition to 5 barges with 10 pumping sets completed last year 2 more barges with 4 sets have been installed for supply of water to land engines to cope with the fire near the river or canal.

Telephone.—Elaborate arrangements have been made in the Telephone System by the construction of Area Control, District Control, etc., with the requisite number of staff fully trained by experts imported from United Kingdom.

Appliances.—The following is the list of principal appliances received during the year:—

300 trailer pumps, 129 towing vehicles, 295,996 feet of fire hose, 466 pairs of suction hose coupling, 3,620 pairs of delivery hose couplings, 11, 2-way collecting breechings.

This payment is obligatory whether such application is subsequently rejected or not and no claim for a refund of this fee will be entertained. *Applications stamped with postage or other stamps will not be accepted.*

(*iv*) No allegation that an application form or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

The Public Service Commission may require such further proof or particulars from the candidates as they may consider necessary, and may make enquiries regarding their character and domicile.

7. **Examination fee and time-table.**—Every candidate to whom an admit card has been issued will deposit into a Government treasury in Bengal or Reserve Bank of India, Calcutta, a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary, Public Service Commission, Bengal, by the date fixed. In no circumstances will the fee paid be refunded. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time table for the examination. The examination will be held in two centres, viz., Calcutta and Dacca, if sufficient candidates are forthcoming. The candidates should clearly mention in their application forms the centre where they wish to sit. The dates and place of the examination will be communicated to the candidates separately.

8. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. 11. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule II which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

(*i*) Bengali,

(*ii*) Hindi,

(*iii*) Urdu,

(*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

12 **Medical Examination.**—As soon as the results of the examinations are ready, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

13. **Availability of old question papers.**—These question papers may be purchased from the Publication Branch, Bengal Government Press, Alipore, or from Cash Sales Office, Writers' Buildings, Calcutta, at Re. 1 for a complete set of questions for one year.

THE INDIAN FISHERIES (BENGAL AMENDMENT) BILL, 1944.

A BILL

to amend the Indian Fisheries Act, 1897.

WHEREAS it is expedient to amend the Indian Fisheries Act, 1897, in its application to the Province of Bengal in the manners and for the purposes hereinafter appearing;

It is hereby enacted as follows:—

1. (*1*) This Act may be called the Indian Fisheries (Bengal Amendment) Act, 1944.

(*2*) It extends to the whole Province of Bengal.

2. In sub-section (*3*) of section 6 of the Indian Fisheries Act, 1897 (hereinafter referred to as the said Act)—

(*i*) after the words "prohibit or regulate" the words "either permanently or temporarily for a time or for specified seasons only" shall be inserted, and

(*ii*) for clause (*c*) the following clause shall be substituted, namely:—

"(*c*) the dimensions, form and kind of the contrivances in catching or for taking fish generally or any prescribed or specified kind of fish and the modes of using such contrivances".

3. For sub-section (*4*) of section 6 of the said Act, the following sub-section shall be substituted, namely:—

"(*4*) Such rules may also prohibit all fishing or may prohibit killing any fish of any prescribed species or of any prescribed size or weight in any specified territorial waters except under a lease or license granted by the Provincial Government and in accordance with such conditions as may be specified in such lease or license:

Provided that no such rule shall be made under this sub-section to prohibit fishery in territorial waters, unless such rule or rules prohibiting fishery in territorial waters are previously approved by both the Chambers of the Bengal Legislature by a resolution and then issued."

4. After section 7 of the said Act, the following section shall be added, namely:—

"8. All rents, fees and other money payable to Provincial Government on account of fishery leases and licenses granted by them may be recovered in like manner as if they were arrears of land revenue".

STATEMENT OF OBJECTS AND REASONS.

The proposed amendments are called for the regulation of fishery in Bengal and for prohibiting fishing of any and every species of fish. Some kind of very useful fish such as *hilsha* fish is about to be extinct owing to indiscriminate killing of fries of the said fish hence there is the necessity of the proposed amendment.

15. (*1*) The Provincial Government may, after previous publication, make rules for carrying out purposes of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, such rules may provide for the framing of articles of discipline under sub-section (*b*), section 5, and schemes of benefit under section 9.

(*3*) In making any rule under this section the Provincial Government may direct that any person committing a breach thereof shall, on conviction, be punishable with fine, which may extend to fifty rupees, and where the breach is a continuing one, with a further fine which may extend to ten rupees for every day, after the first, during which the breach continues.

STATEMENT OF OBJECTS AND REASONS.

The main object of this Bill is to check wrongful and indiscriminate dismissal of persons employed in mercantile firms and to provide benefits for mercantile employees and non-manual workers. They do not enjoy the rights and privileges conferred on manual workers, by numerous labour legislations enacted in India during the last two or three decades. Mercantile employees and non-manual workers whose numerical strength is estimated to exceed 100,000, have to maintain by custom or tradition, decent standard of living and to incur somewhat heavy expenses for education of children, for medical treatment, marriage and other social and religious functions and are unable to effect any savings after meeting those recurring expenses out of their inadequate salaries or make provisions for old age. Employees attached to a few commercial houses do enjoy some of the benefits proposed in this Bill. But a vast majority of wealthy firms who are members of well-known Chambers of Commerce, do not however grant any monetary concession to their employees in old age or on retirement in recognition of faithful exertions.

RESOLUTION—No. 1791P.H.

Calcutta, the 21st August 1944.

Read—

The Report of the Director of Public Health, Bengal, for the year 1941.

Vital Statistics.—The number of births registered during the year was 1,594,291 against 1,681,846 in the previous year, thus representing a decrease of 87·555. The birth rate was 31·9 per mille being 5·3 per cent. below the rate of 1940. The deaths, 1941 numbered 1,184,850 against 1,111,082 in 1940 representing an increase of 73,768. The death rate was 23·7 per mille and was 6·6 per cent. higher than that of the previous year. The total births exceeded the deaths by 409,441 against an excess of 570,764 in the previous year. The simultaneous deterioration in respect of birth rate and death rate is a rare occurrence in the provincial health-records. The last two occasions on which a similar incident took place was in 1918, the year of the Influenza epidemic, and in the year 1938. The highest birth-rate of the year (41·4 per mille) was recorded in the district of Murshidabad while the lowest (20·4 per mille) was recorded in the Malda district. Excluding "other classes" the highest birth-rate (32·1) was recorded among the Muslim community, while the lowest (26·7) was among the Bhuddhists. The number of male-births per 100 female births was 108, as in the previous year. The highest death-rate (33·5 per mille) was returned by the Darjeeling district while Malda recorded the lowest rate of 13·8 per mille. Excluding "other classes" the Muslims showed the highest death-rate (24·6 per mille), while the lowest (15·6 per mille) occurred among the Christians.

Infantile and Maternal Mortality.—The number of infantile deaths in 1941 aggregated to 248,226 as against 267,894 in 1940 giving an infantile death rate of 155·7 per mille of live-births against 159·3 in the previous year. Compared with the preceding year the infantile mortality rate decreased by 2·3 per cent. The number of still-births in the province was 61·904, returning a rate of 3·9 per 100 live-births as against 69,844 in 1940 with a rate of 4·2. In the urban areas the still-birth rate was 4·6 per 100 live-births, while in the rural areas, the corresponding rate was 3·8. 14,803 mothers died as a result of child birth in the year under review, the corresponding figures were 15,758 in 1940 and 15,792 in 1939 (a decrease of over 6 per cent.). It is a happy feature that even after making allowances for the possible inaccuracy in recording this class of deaths, the figures for the last 4 years bespeak of definite improvement in this direction.

General Epidemiology.—The public health of the province in this respect did not present a bright picture in the year under review.

Cholera.—During the year under report 61,879 deaths from cholera were registered with a death rate of 1·2 per mille as against 21,743 deaths in 1940, with a death rate of 0·4 per mille. The quinquennial average death rate from cholera was 0·9 per mille.

Statistical analysis revealed that cholera moved in a cyclic course of six years and as the previous year's cholera incidence was the lowest on record, it could be reasonably apprehended that the disease for the year under report would take an upward trend.

3,482,398 anti-cholera inoculations were performed during 1941 as against 1,353,793 in 1940. Other anti-epidemic measures consisted of disinfection of 1,272 river ghats, 12,544 houses, 239,103 wells, and 39,693 tanks. Ninety-seven epidemic doctors, 32 Sanitary Inspectors and one Health Assistant were employed to assist the various local bodies in anti-cholera work in the province during the year under report.

Small-pox.—This disease accounted for 13,250 deaths in the year under review compared to 5,608 deaths in the preceding year. The mortality rate was 0·3 per mille as against 0·4 per mille during the previous quinquennium. The mortality rate among infants under one year of age showed a marked increase.

The total number of vaccination operations performed in the province was 8,369,442 as against 8,476,920 in 1940. Out of the persons vaccinated 64·8 per cent. were male and only 35·2 per cent. female. The greater susceptibility of females to small-pox infection was ascribed by the Director of Public Health, to the system of purdah and paucity of female vaccinators. Out of 27 districts of Bengal 16 districts did not employ female vaccinators at all. Government take this opportunity to reiterate the urgent necessity on the part of the local authorities of carrying on a vigorous campaign of vaccination so as effectively to cover the population of the entire province. On an average 8·5 per cent. of the people were successfully vaccinated every year. The percentage of persons successfully vaccinated to the total population was 8·7 during 1941. Th average cost of production of vaccine lymph per dose of half a grain in the Bengal Vaccine Institute amounted to 0·7 pies only, *i.e.*, an increase of 0·2 pies over the figure of the previous year.

Fevers—Malaria and Kala-azar.—Mortality from "fevers" rose from 717,516 in 1940 to 732,884 in 1941, showing an increase of 2·1 per cent. over the previous year.

Malaria.—There were 388,381 deaths from malaria during 1941 compared with 369,448 during the previous year showing an increase of 5·1 per cent. Malaria alone was responsible for 32·8 per cent. of the total deaths recorded in the province in 1941 and claimed 52·99 per cent. of the total mortality from fevers against 33·3 and 51·5 respectively in the previous years. The number of deaths from malaria in urban and rural areas were 2,077 and 3,86,304 respectively and the respective mortality rates were 0·59 and 8·3 per mille. The highest death rate of 19·77 per mille was recorded in the Jessore district, while the lowest rate of 0·48 was recorded in Calcutta.

Kala-azar.—16,349 persons died of kala-azar during the year giving a mortality rate of 0·33 per mille as against 15,453 deaths with a mortality rate of 0·31 per mille in the previous year. There were 0·17 deaths per mille in the urban areas and 0·33 per mille in the rural areas as against 0·16 and 0·32 respectively in the previous year. The special kala-azar scheme inaugurated in the district of Darjeeling was continued during the year under review.

Respiratory Diseases.—In the year under review 84,647 deaths were attributed to this cause as against 85,203 in 1940, the respective mortality rates being 1·70 and 1·71 per mille. The highest death rate of 7·86 per mille was as usual, recorded in Calcutta and the lowest in Malda with a death rate of 0·29 per mille.

Pneumonia.—It took a toll of 44,801 lives as against 44,967 in the previous year. The death rates in the two years, viz., 1940 and 1941, were almost the same, viz., 0·9 per mille. Pneumonia was responsible for 52·9 per cent. of the total mortality from respiratory diseases.

Pulmonary Tuberculosis.—12,867 persons died of Pulmonary Tuberculosis during 1941 as against 12,363 in 1940, the mortality rates being 0·26 and 0·25 per mille respectively. The deaths from the disease in the rural areas were 8,322 and in the urban areas 4,545 yielding a death rate of 0·20 and 1·29 per mille, as against 0·17 and 1·26 in the previous year. Calcutta with a death rate of 2·64 per mille was alone responsible for 66·2 per cent. of the deaths recorded in urban areas.

Both the tuberculosis surveys at Barisal and Serampore were continued during the year under report and valuable statistical data have been collected for publication and use. The Tuberculosis Association of Bengal as usual carried on their anti-tuberculosis campaign of great utility and service to the suffering humanity.

Other Respiratory Diseases.—24,058 deaths were recorded under "other respiratory diseases" in 1941 as against 26,036 in 1940, the mortality rate being 0·48 and 0·52 per mille respectively.

Other Diseases—Enteric Fever.—Deaths registered on account of enteric fever were 8,948 as against 7,875 in 1940.

Influenza.—It accounted for 1,759 deaths as against 2,127 in 1940.

Cerebrospinal Fever.—955 deaths were ascribed to this cause in 1941 in place of 1,378 in the previous year.

Typhus Fever.—The number of deaths from this disease further increased from 5,183 in 1940 to 5,640 in 1941.

Dysentery and Diarrhoea.—Dysentery and diarrhoea were together responsible for 51,529 deaths in 1941 as against 45,422 in 1940, with mortality rates of 1·03 and 0·91 per mille respectively.

Injuries.—21,476 deaths were recorded under "injuries" with a rate of 0·43 per mille as against 20,254 deaths with a death rate of 0·41 per mille in 1940. Out of the total deaths, 13,956 were due to wounds and accidents, 3,593 to snake bites, 2,834 to suicides, 474 to rabies, 358 to homicides and 261 were killed by wild animals.

Leprosy.—1,596 deaths from leprosy were recorded in the year under review of which 1,556 occurred in rural areas and 40 in the urban areas, as against 1,304 deaths (1,273 in rural areas and 31 in urban areas) in the previous year. Calcutta, it is worth-noticing, did not record any death from leprosy.

Fairs and Festivals. The Public Health Department and the local authorities concerned co-operated with great success in undertaking preventive measures such as provision of protected water-supply, efficient conservancy, mass inoculation, arrangements for wholesome food stuff and proper accommodation of the pilgrims in the chief melas in the province, viz., Ganga Sagar, Langalband, Sitakund, Allowakhowa and Tarakeswar during the year under report. With the exception of the Ganga Sagar Mela where there were only four deaths from cholera no death was reported from any of the other melas.

Sanitation and Water-supply.—The municipal bodies in Bengal spent Rs. 52,26,801 or 41·9 per cent. of their income on Public Health against 38·4 per cent. in the previous year, comprising Rs. 25,77,597 on conservancy, Rs. 11,28,936 on water-supply and Rs. 4,48,164 on drainage. The average incidence of taxation per head of municipal population was Rs. 3-9-3p. in 1940-41 against Rs. 3-6-1p. in 1939-40 and the average expenditure per head of municipal population was Rs. 2-3-3 in 1940-41 against Rs. 2-4-4 in the previous year.

The District Boards in the rural areas generally maintained their proportionate expenditure on water-supply drainage, sanitation and vaccination by spending 3·4, 0·2, 8·2 and 1·4 per cent. respectively of their total receipts

during 1940-41 compared to 3·8, 0·2, 9·6 and 1·2 per cent. during the preceding financial year.

During the year under review increased grants by Government towards supply of drinking water in the rural areas, as in the preceding year, were distributed among the different districts in accordance with the revised policy of distribution and disbursement of the annual grant for the improvement of rural water-supply. It is, however, a matter of grave concern to the Government that proper steps are not being regularly taken by the local bodies for due maintenance and repairs of the sources of water-supply provided by Government. The question of repairs and maintenance of the sources of water-supply seriously engages the attention of the Ministry

In 118 municipalities (excluding Calcutta) 33 Health Officers, 110 Sanitary Inspectors and 1 Assistant Sanitary Inspector were employed during 1941 as against 25 Health Officers, 122 Sanitary Inspectors in the previous year. Government view with grave concern the fact that 25 municipalities still did not employ either a Health Officer or a Sanitary Inspector during 1941 (against 29 municipalities in the previous year). The public health duties in these municipalities were carried out by Sanitary Inspectors of the district boards or of the neighbouring municipalities.

Water-supply.—Filtered water was supplied through pipes in 51 municipalities. 2,837 tube wells were sunk in 97 municipalities during 1941.

Drainage.—The total length of pucca drains constructed in 92 municipalities during 1941 was 658 miles 973 yards and 46 feet approximately.

Food Adulteration.—The total number of sample of food stuff seized was 3,704 in 72 municipalities and 1,145 prosecutions were started in 61 municipalities during the year under review.

School Hygiene.—Medical inspection of the school children in municipal as well as rural areas was carried out by the Public Health Department and by the Health Officers of the local authorities concerned. Out of 9,185 school-going children in Calcutta 1,200 boys were found ill-nourished. 5,009 boys were examined in 33 Government and Government aided secondary schools in Calcutta. The Health Officers of the municipalities concerned examined 8,945 students in 22 municipalities in the province out of which number 1,538 or 17 per cent. were found to be ill-nourished. In the rural areas 2,565 students were medically examined out of which number 803 or 26 per cent. were discovered to be ill-nourished. Besides this the Circle Sanitary Inspectors visited 5,203 schools in rural areas and 184,317 pupils were examined by them. The Director of Public Health has drawn attention to the fact that besides the defect of ill-nourishment the school children also suffered from such defects as skin-disease, enlarged glands, defective eyesight, enlarged tonsils and adenoids and enlarged spleens in varying degrees. The officers of the Bengal Branch of the British Empire Leprosy Relief Association visited and examined the students of 10 teachers' training schools numbering 864 and 41 other schools with 9,102 students including the staff. 44 cases of leprosy were detected giving an incidence of 0·44 per cent. approximately.

Health Propaganda.—Public Health Propaganda during the year under review was carried on by means of educational posters, charts, models and pamphlets. It was realised that the rural areas with their ignorance in matters relating to the public health stood in most need of such propaganda. Exhibitions, fairs and festivals were chiefly made the occasions for such propaganda. Lectures on public health matters were delivered by means of magic lanterns.

Miscellaneous.—The normal activities of the Public Health Department were maintained and their scope was widened in certain directions. Grants-in-aid on the usual scale were made to the local bodies and voluntary associations in order to enable them to carry out their programme of health

BEFORE THE COMMISSIONERS APPOINTED UNDER PARAGRAPH 4, SUB-PARAGRAPH (1), PART III OF THE GOVERNMENT OF INDIA (PROVINCIAL ELECTIONS) (CORRUPT PRACTICES AND ELECTION PETITIONS) ORDER, 1936.

NOTIFICATION.

Pursuant to the provisions of rule 30(2) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, the following election petition presented under rule 26 thereof is published for information.

E. C. ORMOND, *President.*

1st September 1944.

To HIS EXCELLENCY THE GOVERNOR OF BENGAL.

IN THE MATTER of an Election Petition under Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936,

And

IN THE MATTER of Bengal Legislative Assembly and Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936,

And

IN THE MATTER of Nawab Sir K. G. M. Faroqui, Kt., of Ratanpur, a candidate, unsuccessful at the indirect bye-election of a member of the Bengal Legislative Assembly in the vacancy caused by the death of Khan Shahib Abul Kasem and held on the 21st April, 1944, *Petitioner*,

versus

(1) Maulavi Habibulla Chowdhury, 23, Crematorium Street, Calcutta, and Bhabanijibanpur, Noakhali,

(2) Khan Shahib Abdul Latif Chowdhury, Barisal,

(3) Basiruddin Ahmed Majumdar, Jhenidah, Jessore and Salikupa, Jessore, *Respondents*.

The humble petition of the said Nawab Sir K. G. M. Faroqui the petitioner abovenamed.

Most respectfully sheweth :—

(1) That your petitioner was duly nominated a candidate for election to the Bengal Legislative Council by the members of the Bengal Legislative Assembly under the Government of India Act, 1935, held on the 21st April 1944.

(2) That the respondents were the other candidates for election as aforesaid and were nominated for the said election and of whom the first respondent was declared as elected.

(3) That by notifications published in the *Calcutta Gazette*, dated 30th March 1944, the members of the Bengal Legislative Assembly were called upon to fill the vacancy caused by the death of Khan Shahib Abdul Kasem who was a member of the Bengal Legislative Council at a bye-election to be held in accordance with Provincial Legislative Council Order, 1936, and Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936.

(4) That by the aforesaid notifications 8th April 1944 was fixed as the date on or before which nominations of candidates were to be made and 10th April as the date on which scrutiny of nominations was to be held and 11th April 1944 as the date on or before which candidatures may be withdrawn.

(5) That on 13th April the name of your petitioner along with the respondents were published in the *Calcutta Gazette* as those who have been nominated as candidates for the said bye-election held on the 21st April 1944.

(6) That Habibulla Chowdhury, respondent No. 1, has not got the requisite qualification for a candidate according to Rules 1-3 (of Part IV) of Government of India Provincial Legislative Council Order, 1936, but his name was included in the list of voters either through mistake or deception.

(7) That the Returning Officer purported to issue a circular No. 64(250)-L.A., dated 8th April 1944, to the members of the Assembly to check their addresses and to notify the change on or before the 11th April to facilitate the despatch of papers and in default of reply, the addresses as in the list would be taken as correct.

(8) That the said circular was not despatched to all the members of the Assembly and in time to enable them to notify their change of addresses. Some of the members received the said circular even after 21st April 1944 and without any list accompanying the said circular.

(9) That the Bengal Legislative Assembly was in recess from 7th April 1944 to 17th April 1944 and many members left Calcutta during the Easter holidays.

(10) Your petitioner states that the Returning Officer did not maintain a list of members with their addresses corrected up to date as required under the rule 58 of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936, and it was only on the 8th April 1944, he took some steps and have the list corrected but owing to the recess from 7th April to 17th April, the Easter holidays, it was not possible for a large number of members either to receive the said circular or to send a reply thereto by the 11th April nor they received the list of members as corrected up to date as required under the rule. This infringement of rule 58(*1*) and (*2*) has materially affected the result of the said election.

(11) That on the 18th April 1944, the Returning Officer again purported to issue circular No. 66(250)L.A., dated 18th April 1944, stating that the bye-election will take place in the Legislative Buildings on the 21st April 1944 between 10 a.m. to 3 p.m.

(12) That under rule 65 of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936, the Returning Officer shall as soon as may be after the period within which candidatures may be withdrawn, shall by notice in writing inform each member of the Bengal Legislative Assembly of the date fixed for the poll under clause (*d*) of sub-rule (*2*) of rule 59 and of the hours of the polling and the place at which the poll shall be taken and notice shall if possible be served personally and in default of personal service shall be served by registered post, provided that in case of necessity the notice may be served by telegram

(13) That notice as contemplated by section 65 was not served on the members either personally or by registered post or by telegram.

(14) That after a recess of eleven days the Bengal Legislative Assembly met on the 18th April 1944 and the aforesaid circulars were placed on the tables in the Assembly Chamber on the 19th April 1944. These circulars were not addressed to any member by name nor was it ascertained if all the members of the Assembly were present on that date.

(15) That on the 19th April, many members did not attend the Assembly and many members did not receive even the circulars that were placed on the tables. The members that were outside Calcutta did not receive any registered notices or circulars nor were they informed by telegrams.

(16) That section 65 (*1*) and (*2*) has provided great importance on the service of notice to each and all members but the Returning Officer took not even ordinary precautionary steps to see that notices were properly served on the members particularly as he knew full well that many members were not expected to stay in Calcutta during the recess of eleven days. The placing of some circulars on the tables of the members on the 19th April 1944, *i.e.*, two days before the election in the Assembly House and non-service by registered post to the absentee members or by telegram has vitiated the bye-election. The result of election has been materially affected by non-compliance, with the provisions of the Act or Order and Rules relating to the election.

(17) That the interest of the petitioner has been materially affected by non-service of notice to members in proper manner and according to law. Amongst others who promised support to the petitioner but could not attend the poll for want of receipt of notice or for receiving notice after the polling date or time:—

(1) Iswar Chandra Das Jalan.
(2) Kumar Debendra Lal Khan.
(3) Maharaja Sashi Kanto Acharya Chowdhury (since deceased).
(4) J. N. Bose.
(5) Sarat Chandra Mukherjee.
(6) Upendra Nath Burman.
(7) Pati Ram Roy.
(8) Syed Jalaluddin Hasemey.
(9) Asemuddin Ahmed.
(10) Shah Golam Sarwar Hossaini.
(11) Abdul Kader.
(12) Md. Abdul Jabbar Palwan.

They all assured your petitioner that they would have presented themselves at the polling place and hour if they got the registered notices under the rules and would have recorded votes in favour of your petitioner.

(18) That your petitioner was an independent candidate and his nomination was supported by all political groups of the Legislative Assembly,

Independent, Moslem League, Moslem Progressive League, Krishak Proja Party, Mahasabha Party, Bose Group, Official Congress and Scheduled Caste. A substantial majority of the members of the Bengal Legislative Assembly belonging to different parties supported your petitioner and only the Ministerial party opposed him.

(19) That the respondent No. 1 was elected as a Muslim League candidate and the Muslim League Party in the Assembly of which the Chief Minister is the Leader, wanted that he should be returned in any event.

(20) That some of the ministers exercised undue influence and interfered with the freedom of voters by members present. They also exercised undue influence through the Returning Officer who has allowed only three days' time to members to correct their addresses knowing properly well that many of them being out of Calcutta would not get the circular, dated 8th April even if it was despatched on the same date or be able to send a reply by 11th April and manipulated the election in the interest of their nominee and the Returning Officer did not maintain a list of members corrected up to date and did not send such a list to all the members and who utterly disregarded the provision under section 65(*1*) and (*2*) in serving notice to members. In consequence the result of the election has been materially affected and the whole election has become void.

(21) That during the poll the Hon'ble Chief Minister and the Hon'ble Mr. K. Shahabuddin and the party whips in the presence of respondent No. 1, and with his connivance went round and canvassed within the Chamber of the Legislative Assembly and exercised undue influence and threatened injury to some members if they would not vote for the respondent No. 1, who was their nominee.

(22) Your petitioner submits that if no undue pressure and undue influence had been exercised by the Hon'ble Ministers and party whips as aforesaid, your petitioner would have been elected a member of the Bengal Legislative Council at the said election.

(23) That on the 21st April 1944, after the votes have been recorded your petitioner requested the Returning Officer before closing and sealing the election papers to verify the number of ballot papers issued and total number of members who actually took part in the election inasmuch as according to your petitioner's calculation 206 members took part and according to calculation of respondent No. 1's agent 209 members took part and though the Returning Officer assured your petitioner that he will do so after shifting from the Chamber to the next bunglow, where the ballot box will be opened he refused to do so on going to the bunglow and your petitioner immediately filed an objection in writing.

(24) That on counting it was found that the total number of votes collected from different boxes was 211 out of which respondent No. 1 got 106 votes and your petitioner 103 votes and respondent No. 2 one vote and respondent No. 3 one vote.

(25) That on further inspection it was discovered one double signature and some doubtful signs in the receipt column of the list which does not correspond with the number of ballot papers issued and found on the opening of ballot boxes and such variation can be accounted for only by a scrutiny of the ballot papers and their counterfoils together with the spoilt ballot papers and your petitioner submits that on proper scrutiny it will be found that your petitioner obtained the largest number of votes. Your petitioner craves permission to amend the petition, if necessary, after getting copies of the counting papers.

(26) Your petitioner begs to annex hereto a list marked "A" of instances of corrupt practices and infringement of Election Rules.

(27) Your petitioner begs further to attach herewith the Challan showing that the requisite security deposit of Rs. 1,000 (one thousand only) under paragraph 29 of the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, has been made on the 21st June 1944 in the Reserve Bank of India.

Your petitioner therefore humbly prays to your Excellency—

(1) for an order appointing a Commission for the hearing of the petition,

(2) for an order declaring invalid and/or void the said election of the returned candidate on the basis of the report of the said Commissions,

(3) for an order varying the result of the said election by declaring that your petitioner has been duly elected on re-counting of votes after the rejection, if necessary, of ballot papers invalidated as aforesaid,

(4) for a declaration that your petitioner has been duly elected at the said election,

or

a fresh election to be ordered to be held,

(5) for such other order or orders or any other relief as to your Excellency may seem fit and proper,

(6) costs of the petition to be amended,

And your petitioner as in duty bound shall ever pray.

VERIFICATION.

BENGAL ORDINANCE NO. I OF 1944.

The Bengal Alienation of Agricultural Land (Temporary Provisions) Ordinance, 1944.

Whereas the Bengal Legislature is not in session, and the Governor is satisfied that it is urgently necessary in the public interest to provide for the restoration to proprietors, tenure-holders, *raiyats* and under-*raiyats* of certain agricultural lands alienated by them during the year 1943 as a result of the prevailing economic distress and that immediate action should be taken for that purpose;

The Governor is pleased, in exercise of the power conferred by sub-section (*1*) of section 88 of the Government of India Act, 1935, to make and promulgate the following Ordinance, namely:— 26 Geo. V ch. 2.

(*2*) "Collector" means the Collector of a district or any other officer appointed by the Provincial Government to discharge the functions of a Collector under this Ordinance;

(*3*) "complete usufructuary mortgage" means a transfer of the right of possession in any land for the purpose of securing the payment of the mortgage debt upon the condition that the said debt shall be deemed to be extinguished by the profits arising from the land during the period of the mortgage;

(*4*) "prescribed" means prescribed by rules made under this Ordinance;

(*5*) "proprietor", "tenure-holder", "*raiyat*", "under-*raiyat*", "landlord", "estate", "tenure", "holding", and "improvement" have the same meanings as they have in the Bengal Tenancy Act, 1885; VIII of 1885.

3. The provisions of this Ordinance shall have effect notwithstanding anything to the contrary in any other law for the time being in force.

Procedure for effecting restoration of lands alienated by proprietors, tenure-holders, *raiyats* or under-*raiyats* in 1943.

4. (*1*) If on or after the 1st January 1943, and before the 1st January 1944, a proprietor, tenure-holder, *raiyat* or under-*raiyat* has transferred any agricultural land by sale for any consideration the amount or value of which does not exceed two hundred and fifty rupees, and if—

(*a*) he applies in the prescribed manner to the Collector at any time before the 25th day of December, 1945, for the restoration of such land to him; and

(*b*) he satisfies the Collector that he could not have maintained himself or his family except by making such alienation of such land,

the Collector shall, after giving the transferee and if such land is in the possession of any person other than the transferee, such other person also an opportunity of being heard, make an order in writing restoring such land to such proprietor, tenure-holder, *raiyat* or under-*raiyat*, as the case may

be, and directing such proprietor, tenure-holder, *raiyat* or under-*raiyat* in the manner provided in sub-section (*2*) to pay in ten annual instalments by such dates as may be specified in the order the amount of such consideration or its value together with interest on such amount at the rate of three and one-eighth *per centum per annum* from the date of his receipt of such consideration and the amount of any compensation for improvements effected to such land, allowed by the Collector and determined by him in the manner prescribed, less the amount determined in the manner prescribed of the net income from such land of the person in possession of such land as a result of such alienation:

Provided that the first of such instalments shall be payable on a date not later than the 1st day of *Baisakh* next following the date of the order.

(*2*) When the Collector makes an order for payment by instalments under sub-section (*1*), he shall direct such instalments to be paid—

(*a*) in the case where the agricultural land in respect of which such order is made has been alienated by the transferee before the date of such order by means of a *bona fide* transfer for valuable consideration, or a *bona fide* gift by a registered instrument or *heba*, to the person in possession of such land as a result of such alienation;

(*c*) in other cases, to the transferee:

Provided that if such land is subject to a *bona fide* mortgage other than a usufructuary mortgage and such mortgage was executed after the transfer of such land referred to in sub-section (*1*), the Collector shall direct that such instalments shall first be paid to the mortgagee until the amount due under the mortgage as determined by the Collector is paid off and that thereafter any such instalments or part thereof still remaining due shall be paid in the manner provided in clause (*a*), clause (*b*) or clause (*c*) of this sub-section, as the case may be.

(*3*) Where an application made under sub-section (*1*) is accompanied by a statement verified in the manner prescribed that the proprietor, tenure-holder, *raiyat* or under-*raiyat* who made the transfer of the agricultural land by sale referred to in that sub-section could not have maintained himself or his family except by making such alienation of such land, the Collector shall for the purpose of clause (*b*) of that sub-section presume such statement to be correct until the contrary is proved.

(*4*) The amount ordered to be paid by instalments by a proprietor, tenure-holder, *raiyat* or under-*raiyat* under sub-section (*1*) shall be a charge on the agricultural land in respect of which the order under that sub-section has been made.

(*5*) Where any agricultural land in respect of which an order under sub-section (*1*) is made, is after the date on which such order takes effect under sub-section (*1*) of section 5, sold in execution of a decree or of a certificate signed under the Bengal Public Demands Recovery Act, 1913, other than a certificate for the recovery of any amount payable under such order, the whole of the amount payable under the said order then remaining due shall notwithstanding anything contained in such order at once become due and payable. SPECIFICATION FOR SISSOO LOGS.

The following defects will be taken into consideration when assessing the quality classes of logs:—

(1) Lack of straightness.
(2) Large flutes.
(3) Cup Shakes.
(4) Serious star shakes.
(5) Hollow centres.
(6) Spongy hearts.
(7) Felling cracks.
(8) Burnt or split ends.
(9) Large branch knots.
(10) Dead knots.
(11) Heavy amount of sap.
(12) Borer holes.
(13) Dry rot or decay.
(14) Wounds.
(15) Side splits and suncraks.
(16) Twisted grain.

(i) *Lack of straightness.*—In 10 ft. 4 inches out of the straight and under no defects, 5 inches to 6 inches out of straight a minor defect, over 6 inches a major defect.

(ii) *Sapwood.*—Sapwood up to 2″ permissible. When sapwood in excess of 2 inches exists, a deduction of 1″ per ft. of girth will be made. Logs with excessive sapwood will be rejected.

(iii) *Taper.*—Taper permissible 2 in 10 ft. for every 12″ of diameter at the butt end over 2″ per 12″ of diameter, to be classed as a minor defect. The small end of a log must not be less than 14″ diameter.

(iv) *Shakes.*—Heart, radial or cup shakes. A split under 8″ deep, no defect, between 6″ and 12″ deep a minor defect and over 12″ a major defect. All measurements being taken from the end of the logs (as defined under log measurement description). Logs with cup shakes at both ends will be rejected.

(v) *Knots.*—(a) Dead or loose knots 2″ in diameter or equivalent area, a minor defect, if not more than 5 occur in 10 running feet if over 5 in number or over 5″ in diameter or equivalent area, a major defect

(b) Tight or live knots up to 2″ in diameter or equivalent area, in reasonable numbers no defect, knots between 2″ and 6″ diameter or equivalent area, a minor defect, knots over 6″ diameter or equivalent areas up to two in numbers a major defect.

(c) Knots to be measured across the mean diameter.

Note.—In these timbers what are known as "knobbly" logs will be rejected. The term is used to describe logs which are a mass of small sized knots, the resultant plank being only useful for decorative purposes.

(vi) *Wounds.*—Each external bark pocket, bird peck or other small wound under 2″ in depth in heartwood a minor defect. Similar wounds over 2″ in depth and 4″ in diameter in heartwood a major defect. Internal wounds (including hollow heart) up to ½″ diameter a major defect.

A log may be accepted as 1 class if it contains not more than six of the defects previously enumerated and as II class if not more than 10 (No major defect may be accepted unless in the opinion of the inspector, the ultimate conversion of the log is unlikely to suffer unduly). Logs containing decay are rejected.

The length of a log shall be measured from the first feeling out extending farthest into the length from the butt end to the nearest cut of the top end.

The girth shall be measured at the middle of the log, but not over the bark or any pretuberance. This shall constitute the mean girth in logs of a regular taper.

In logs of an irregular taper three girth measurements should be taken *i.e.*, one in the centre, and one at each end, the mean girth being the average obtained from the three measurements.

If bark has not been removed by the contractor for measurement purpose, a minimum deduction of 1″ per foot of girth will be made.

STATEMENT OF OBJECTS AND REASONS.

According to Muslim Law the decree of Kazi duly appointed by the state is necessary for certain socio-religious and religious matters such as dissolution of marriages. In addition to these the Kazi is to preside and perform certain ceremonies such as the marriage ceremony and is to conduct the Juma and Eid prayers. After the settlement of Muhammadans in India, Kazis were appointed by the state for the cities, principal towns and in the purganahs for performing all the duties allotted to them by the Muslim Law. On the inception of the British Rule their status was recognised by the British Government also. Regulation XXXIX of 1793 was the first one in this connection. It was intended to provide for the recognition and appointment of Kazis and Kazi-ul-Kuzzat. The preamble of that Regulation says:—

"Cauzis are stationed at cities of Patna, Dacca and Morshidabad, and the principal towns and the purganahs for the purpose of preparing and attesting the deeds of transfer and other law papers, celebrating marriages and performing such religious duties or ceremonies prescribed by the Mohammadan Law, as hitherto have been discharged by them under the British Government and also for superintending the sale of the distrained properties and paying charitable and other pensions and allowances under Regulations XVII and XXIV of 1793. The nature of the above mentioned duties renders it necessary that persons of character and duly qualified with respect to legal knowledge, should be appointed to these offices, and encourage them to discharge their trusts with diligence and fidelity, they should not be liable to removal, unless proved to be incapable or guilty of misconduct to the satisfaction of the Governor General in Council. The following rules have been accordingly enacted."

With the gradual increase of the territory of the East India Company, similar Regulations and Acts were passed for other provinces also. In addition to the Kazis, however, there used to be Hindu and Mohammadan Law Officers attached to the courts to help those courts in the administration of Hindu and Mohammadan Law respectively —the presiding officers of the courts at the time having had no training in those branches of law. This had become necessary as the East India Company was gradually transferring the administration of justice from the hands of Indians to those of the English Judges—and was thus necessarily a transitory stage. It appears that in 1864 Hindu

and Mohammadan Law Officers were deemed to have served their purpose in having given the necessary training to the English Judges and having produced sufficient quantity of legal precedent to guide future courts. They were no more required and were thus removed by Act XI of 1864. But along with the Hindu and Mohammadan Law Officers, the Regulations and Acts relating to Kazis were also repealed, though as a matter of fact, they neither imposed any such burden on the state nor were they in any sense matters of transitory nature. The Honourable Mr. A. A. Roberts in seeking for leave to introduce the Bill which ultimately became Act XI of 1864, first narrated the reasons which led to the abolition of the posts of Hindu and Mohammadan Law Officers. Then coming to Kazi-ul-Kuzzat and Kazi he said:—

"It was further proposed by the Bill to dissever connection of the Government with the office of Kazi-ul-Kuzzat, or the chief Kazi of a province, and also with offices of city, town and purganahs Kazis. These offices did not rest upon, nor were they created by any legislative enactment of the British rule. They were an institution of Mohammadan Government and Mohammadan Society. We found Kazis in every city, town and purganahs, and all our earlier legislators sought to do, was to define generally what the duties of Kazis were and to provide that persons of character and duly qualified with respect of knowledge should be appointed to those offices."

Then he recounted how gradually the functions of preparing and attesting deeds of transfer and law papers, and of Notary public were gradually superseded by regular departments, though the Kazis continue to attest deeds—which were yet then recognized by the courts. He also pointed out that the duties of distraining the properties had also been gradually transferred from the hands of the Kazis and pensions and charities were no longer distributed by them. About the burden that the state had to bear in respect of the salaries of the Kazis he observed:—

"A few Kazis might have received small salaries and there were believed to be few endowments in the Madras and Bombay Presidencies, but the majority of the Kazis had been remunerated for any services they might have performed for the State by *Khilats* or annual presents in the shape of money or shawls which were generally bestowed on the Bengal side on the Id festival. For their services as Public Notaries or for their attendance at marriages, etc., they were remunerated by persons who employed them."

In the end he described the effect of his proposal after the passing of that Act in the following words:—

"Whether those who had heretofore been appointed by Government or those who had established themselves as Kazis to the satisfaction of the community to which they belonged, would be free to discharge such duties as had heretofore been performed by them and were prescribed by the Mohammadan Law. All that it was proposed to do was to repeal the existing laws on our Statute Book regarding the office of the Kazis and to declare that the Government would not heretofore make any fresh appointment to that office."

For this purpose a saving clause was introduced in the Act. It said:—

"Nothing contained in this Act shall be construed so as to prevent a Kazi-ul-Kuzzat or other Kazi from performing, when required to do so, any duties or ceremonies prescribed by the Mohammadan Law."

At the time when this Bill was introduced in the Council His Late Highness Nawab Yusuf Ali Khan, the then Nawab of Rampur, the only Muslim member of Council—he was probably nominated for this Bill as he took oath that very day—opposed the provision relating to the abolition of the post of Kazi, but the Bill was passed. The result of this change was just contrary to what was hoped by the mover, who expected that Kazi would continue to function in the Muslim community in spite of the withdrawal by the Government of their approval to his appointment. This happened as the Muslim Law requires the Kazi to be appointed by the state and as subsequent to the passing of this Act of 1864, it was held by both Bombay and Madras High Courts that the appointment of a Kazi cannot be made except by the State. Thus the absence of a validly appointed Kazi caused great hardship to the Muslim community. This matter was again and again brought to the notice of the Government. Ultimately the Late Sir Ahmad Khan brought a Bill in the Legislative Council in 1880, which was passed as Act No. XII of 1880 and was named Kazis Act. That Act authorized the Local Government to appoint Kazis for any particular area on the desire of the Muslim Community living in that area, but gave him absolutely no powers. Section 4 of the Act took away whatever sanctity could be

attached to the appointment by the Government. It ran as follows:—

"Nothing herein contained, and no appointment made hereunder, shall be deemed:—

(a) to confer any judicial or administrative power on any Kazi or Naib Kazi appointed hereunder; or

(b) to render the presence of Kazi or Naib Kazi necessary at the celebration of any marriage or the performance of any rite or ceremony; or

(c) to prevent any person discharging any of the functions of a Kazi".

The appointment of a Kazi proved to be of no effect. How can a Kazi who was to have as his competitor any person who chose to work as such possibly be expected to keep a complete record of marriages of the town or purganah in which he was working? He could be of no use for purposes of effecting dissolution of marriages as he had no judicial powers. The defect in the Bill was so apparent that when the Bill came up for consideration before the Council even His Excellency Lord Ripon, the then Viceroy, was struck with this strange feature of the Bill and he is reported to have observed:—

".....it was stated in clause (a) sub-section 4 of the Bill, that it was not to confer any judicial or other powers on any Kazi or Naib Kazi appointed thereunder. He thought it rather singular to enact that a man who was appointed should have no kind of power whatever."

The remarks of His Excellency were pertinent, and as the future proved this novel experiment in the Legislative field came to nothing. In supporting the Bill which was at that time supposed to have some value and to be effective in solving the difficulties of the Muslim Community to a certain extent the Honourable Mr. Gibbs from Bombay is reported to have said:—

"that he might mention with regard to this Bill that the inconvenience of not having Kazis had been experienced on the Bombay side. In former years, before the Act No. XII of 1864 had been passed, there were Government Kazis appointed in all the principal places in Bombay and they were often of great use in settling small disputes which might otherwise have troubled the magistrates or courts. He had never been able to make out why, in that Act, there was a clean sweep made of all Kazis in the country, but it had done harm in leaving the Mohammadans without any sort of head to whom they might refer their little domestic difficulties and this want had been much felt, and had led often to their taking the law in their own hands, and committing breaches of it. He was therefore glad to see that the present Bill had been brought in."

But the inherent defect of the Act deprived the Muslim Community of the benefit which it was intended to confer, and nothing came out of it, and it is only a dead letter today.

So it is high time that proper legislation in this direction should be undertaken at any early date. This, however, depends upon the attitude of the Government, as without its help it is not possible to give any powers to this religious official even in respect of domestic affairs of Muslims. Knowing the difficulties of that legislature I restrict myself at the present time only to the removing of some of the defects of the Act XII of 1880 only. It is intended that some regularity may be effected in keeping the records of marriages. The serious conflicts in many cases—civil and criminal—regarding the factum of marriage, and the amount of dower debt, etc., cannot be properly settled for want of reliable records of marriages. This is one of the minor handicaps from which Muslims are suffering for want of recognized Kazis. The endless litigation —which is considerably on is causing much dissipation of energy, waste of time and money and is leading to a general lowering of the moral level of the society. Experience shows that wherever records of marriages have been regularly started these evils have decreased. I know that amongst some agricultural classes arrangements of this type have been worked out successfully. But that cannot be done for the whole community without proper legislation; and it is with this view that I am introducing this Bill.

APPORTIONMENT ORDER.

Bakarganj.—No. 15638L.R.—13th September 1944.—Under section 114 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor has determined that in police-station Muladi in the district of Bakarganj where the preparation of a record-of-rights has been undertaken under notification No. 5685L.R., dated the 29th May 1940 the landlords' and tenants' share of the cost for the survey and preparation of record-of-rights including the estimated cost of maintenance of boundary marks for a period of fifteen years shall be apportioned and recovered as specified below:—

1. The rate of 13 annas 6 pies shall be levied per acre of which the raiyats including persons holding non-agricultural tenancies analogous to raiyati holdings shall pay at 6 annas 9 pies per acre and their landlords of all grades together at 6 annas 9 pies per acre.

Common lands such as rivers, roads, khals, halats, burial grounds, burning ghats, etc., used by the public, but not appertaining to any tenancy, will be excluded from asessment. Tanks, even if used by the public and not appertaining to any tenancy, will not be excluded.

2. Landlords shall pay the raiyats' share for lands in their possession and raiyats shall pay at the full raiyati rate for lands comprised in their holdings.

3. Rent-free holders, whether of the grade of raiyats or tenure-holders, shall pay the whole of the landlords' share for their lands and also the raiyats' share for lands in their khas possession.

4. As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(*a*) permanent tenure-holders whose rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them;

(*b*) other permanent tenure-holders and temporary tenure-holders whose lease has still over fifteen years to run, shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth;

(*c*) temporary tenure-holders whose lease has fifteen years or less to run shall pay 15/16th of the share which they would pay in accordance with (*b*) above, if they were permanent tenure-holders; and so on proportionately, according to the number of years of the lease to run; and

(*d*) temporary tenure-holders who do not hold on a lease or for fixed term shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats; the period for which the lease of the tenure or under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

5. Under-raiyats having occupancy right or protected under section 48C(*e*), proviso (*i*)(*1*) and (*2*), shall pay at the rate of six annas nine pies per acre, while other under-raiyats shall pay at four annas for a tenancy or part of a tenancy recorded in one village.

6. Dakhalkar non-agricultural tenants having a status analogous to that of raiyats will pay at six annas nine pies per khatian.

Dakhalar non-agricultural tenants having a status analogous to that of under-raiyats will pay at four annas for a tenancy recorded in one village.

7. For lands held by railways, the cost will be realised at the rate of six annas per acre.

8. Jalkardars for fifteen years or less shall pay at the rate of half anna per rupee or rent multiplied by the number of years the jalkars have to run divided by 16. In temporary jalkars having more than fifteen years to run and in permanent jalkars, the rate shall be half anna per rupee of rent. The minimum charge for a jalkar khatian shall be four annas. The rent-receiver of such jalkars will pay at the same rate as jalkardars.

9. Usufructuary mortgagees shall pay 15/16ths of the cost and the mortgagor 1/16th, if the mortgage has fifteen years to run or more. If it has less than fifteen years to run, the cost will be divided proportionately between the mortgagor and the mortgagee to the number of years to run out of fifteen.

10. The calculation shall be as follows:

(*a*) it shall be made to the nearest anna;

(*b*) areas less than one acre shall be charged for as one acre;

(*c*) for broken areas over 1 acre, there shall be no charge for the broken portion, if it is less than half an acre; but if the broken portion be half an acre or more it shall be taken as a full acre; and

(*d*) the minimum charge for any tenancy or part of a tenancy, agricultural or non-agricultural, recorded in one village, shall always be four annas only.

By order of the Governor,
S. BANERJEE, Secy.
